

- A** - Review pedestrian crossing times
 - Install "countdown" pedestrian signal heads
 - Review turn movements and consider installation of protected left turn signal phasing
- B** - Install bulbouts on all four corners
 - maintain minimum 14 foot curb to median width
 - Install marked crosswalk here or at San Juan Street
- C** - Install bulbouts all four corners
 -maintain minimum 14 foot curb to median width
- D** - Consider and study one-way operation
- E** - Review existing parking restrictions during school days; as necessary, paint curbs to supplement new or existing signs

General Comments:

- Repaint curbs and crosswalks around school
- Review sidewalks in area for sidewalk maintenance
- Improve asphalt walk ways from schoolyard to 40th avenue
- Update signs to current MUTCD standards
- Consider striping crosswalks at all four legs of intersections surrounding school grounds
- Enforce parking laws
- Implement school valet program, coordinate effort with nearby schools
