

Ocean View Elementary Safe Routes to School Improvement Plan

Site Assessment held on October 16 2013

- 1 Main school parking lot loop**
 - Install high visibility crosswalks with truncated tactile domes at entrance and exit of parking lot loop.
 - Relocate existing crosswalk on south leg of Jackson St at the school parking lot exit to north leg
 - Remove two parking spaces to accomodate crosswalk and curb extension north of parking lot exit.
 - Remove white curb loading zone to discourage loading within parking lot.
 - Install sign prohibiting left turns into parking loop from north-bound Jackson St.
 - Install sign prohibiting left turns during drop-off and pick-up hours at parking loop exit onto northbound Jackson St.
 - Consider organizing a student valet program to provide an escort for younger Ocean View students who are dropped off in vehicles.
- 2 School grounds**
 - Replace bicycle parking with updated u-shaped bicycle racks.
 - Add staff and visitor bicycle parking near school office.
- 3 Jackson St between Buchanan St and Ohlone Ave**
 - Refresh white curb loading zone.
 - Rebuild sidewalk between Buchanan St. and playground gate.
 - Install signage prohibiting casual carpool parking
 - Require reverse angle parking for better visibility
 - Coordinate with UC Berkeley Planning Department to develop multi-use path on eastern side of Jackson St that connects with multi-use path on Buchanan St and Marin Ave.
- 4 Jackson St between Buchanan and Solano Ave**
 - Repair sidewalk.
- 5 Jackson St and Solano Ave**
 - Replace transverse crosswalks with high visibility crosswalks.
 - Paint advance stop bar.
 - Consider squaring off intersection by repainting western leg.
 - Consider painted bulb-outs to discourage crosswalk encroachment on vehicles traveling east and downhill on Solano Ave.
- 6 Ocean View Park parking lot**
 - Consider coordinating with the City of Albany to identify Park and Walk location in parking lot adjacent to school grounds.
- 7 Ohlone Ave & Jackson St**
 - Replace transverse crosswalks with high visibility yellow continental crosswalks.
- 8 Jackson St Midblock Crosswalk**
 - Replace transverse crosswalk with high visibility yellow continental crosswalk.
 - Add "shark teeth" in advance of crosswalk.
- 9 Jackson St and Monroe St**
 - Replace transverse crosswalk with high visibility yellow continental crosswalk.

Vehicles frequently encroach on the crosswalk at Solano Ave & Jackson St.

Inset A

Inset B

Legend

Improvements not to scale.

- | | | | |
|--|-------------------------------------|--|----------------------------------|
| | Local AC Transit stop | | Existing pedestrian pathways |
| | Pedestrian & bicyclist access point | | Proposed pedestrian pathways |
| | Existing bicycle parking | | Existing white curb loading zone |
| | Proposed bicycle parking | | Remove white curb loading zone |
