

Be Safe, Be Seen!

You can use this as an opportunity to educate parents about driving safely around schools! Here are some points to emphasize to parents:

Facts and Thoughts to remember

- Watch for, and yield to, pedestrians and bicyclists near and around the school.
- Check your speed! Kids may be unpredictable, and you should have enough time to stop in case a kid darts out!
- Obey speed limits.
- Do not block pedestrian crosswalks.
- Remember any child could be your child!
