Event Description

International Walk and Roll to School Day

(IWR2SD) is an annual event held by schools across the world to encourage students, caregivers, and the school community to walk, roll, or use other active modes of transportation to get to school.

This year, the event will be held on **Wednesday, October 4, 2023**. For over a decade, hundreds of schools across Alameda County have participated in this annual countywide celebration. The Safe Routes to Schools program has many tools to help you plan a successful event.
