Event Overview

At Reboot Your Commute events, students set up a welcome table where they will hand out tickets to anyone who uses active or shared transportation to get to school – this includes walking, rolling (wheelchair, bike, skateboard, or scooter), carpooling, or taking transit. Students can earn an additional ticket by answering "I (walk/bike/carpool/take transit) because..." on one of the chalk or butcher paper boards. Event organizers will promote the event two weeks in advance of the event day by posting fliers, adding to school announcements or newsletters, posting on social media, or creating video advertisements.

Event Setup

- Set up your event table with your chosen mode tracking method, raffle tickets, incentives, and informational materials
- Write "I walk because" "I bike because" "I carpool because" and "I take transit because" on each of your 4 chalk or butcher papers OR tape the provided signs to each paper
- If using your own easels or white boards, set these up
- Tape up your "I ____ because" posters

After the Event
